**RE: On-Site Computer Solutions**

To Whom It May Concern:

I write this letter as a strong endorsement for Vi Wickam, On-Site Computer Solutions and the service they have provided the Evansville Philharmonic Orchestra since February, 2002. I have known Vi since August 2005 in my capacity as Executive Director of the Philharmonic, and I count him and his company as one my most valued partners I have had the pleasure of working with in my almost twenty years in the field of management.

Beyond the superb level of technical expertise, knowledge, and service On-Site Computer Solutions consistently delivers, as a business manager I most appreciate Vi's honesty, integrity, and genuine commitment to a strong, mutually beneficial business relationship which is a reflection of his character as an individual. I can always depend on Vi to offer solutions and options which are fair and tailored to our needs.

The team at On-Site Computer Solutions under Vi Wickam's leadership receives my highest recommendation as a quality service provider. Please feel free to contact me as a reference at 425.5050 ext. 301 or via email at [groberts@evansvillephilharmonic.org](mailto:groberts@evansvillephilharmonic.org).

Sincerely,

Glenn Roberts  
Executive Director
